Message Board:

The children will be working extra hard this half term on their times tables, in preparation for the Multiplication tables check. Please encourage them to play games at any opportunity, as well as calling out random times tables to them again at any opportunity eg, in the car, walking the dog, anywhere! The more fluent they are, the more chance of success!

How can you help?

Reading - 5 times a week out loud would be amazing.

Times table practice - x12
Including TTRockStars Battle of the Bands.
